

Faith the Cat

Faith the Cat is a wonderful story about a real cat who was a stray in 1936 in London. She wandered into a church and charmed the vicar, Henry Ross, who decided to keep her. He named her Faith after the church. In 1940 she had a kitten, Panda. Faith kept Panda safe through the bombing raids of World War 2 and was given a medal for her bravery.

You can watch and listen to her story [here](#).
