

Joyful Jubilee Activity Pack

A jubilee is a time of celebration across the country, where communities get together to mark a significant anniversary; the number of years the Monarch has led the nation.

Each jubilee year is named after a precious stone or material. This year is the **Platinum Jubilee**. *Can you find out how many years this is?* There has never been a reign this long in our history!

When **HRH Queen Elizabeth II** visits the Cathedral we announce her arrival in a very special way by using our Jubilee Fanfare pipes. Take a listen [here](#). *What instrument do they remind you of?*

The Queen has been coming to St Paul's Cathedral to celebrate her jubilees for many years. She marked **Silver in 1977**, **Golden in 2002** and **Diamond in 2012**. Each time the Cathedral has given thanks for her years of service to the Nation.

In 1977 a special Jubilee Cope was designed by artist and embroider **Beryl Dean** and created by her needlework students from the Stanhope Institute.

A cope is a piece of clothing worn by Bishops for worship. This cope has been worn by the Bishop of London at every Jubilee. It is decorated with gold thread and depicts St Paul's Cathedral, Westminster Abbey and all 73 church spires in London. Take a look at all the detail!

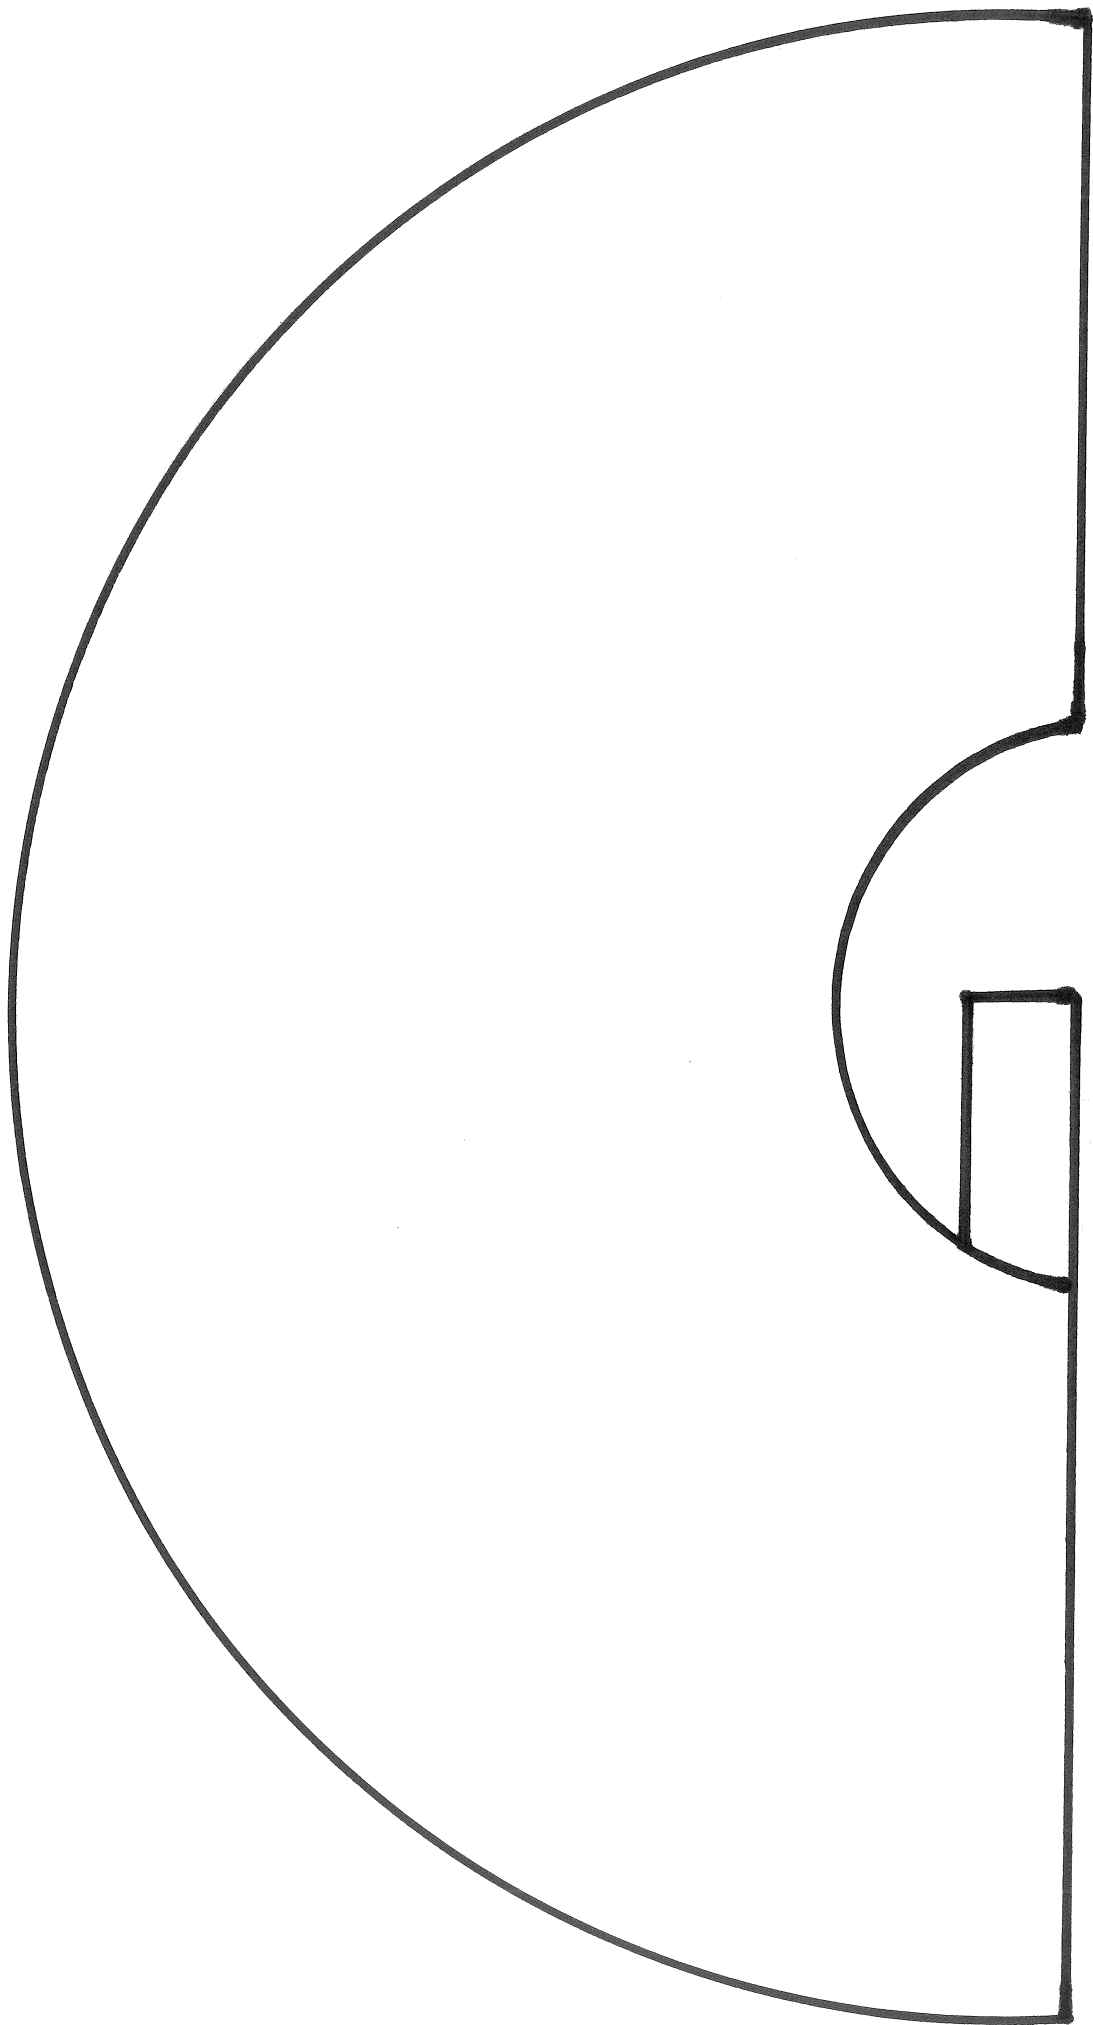

Inspired by Beryl Dean's fantastic cope, design your own Platinum Jubilee Cope.

- What would you design for the year 2022?
- What colours of thread would you use?
- What special buildings, objects or people could you include in your design that have made your 2022 important, hopeful and exciting?

You can draw, paint or use digital software to design your cope. You can even embellish your design with collage, sewing or any decoration.

Design a cope at home using the template on the next page and take a photo of your creation. Email it to us at learning@stpaulscathedral.org.uk to be in with a chance to win a free school trip for your class. We look forward to seeing your designs!

Jubilee Timeline

Cut out the images below and see if you can stick them next to the correct dates in our Jubilee Timeline spanning over 300 years!

The Great Fire of London

Queen Victoria celebrates her Diamond Jubilee

HRH Queen Elizabeth II's Coronation

A collectable teapot remembering Queen Elizabeth II's Silver Jubilee

St Paul's Cathedral is rebuilt

King George III celebrates his Golden Jubilee

The London Eye lit up for the Queen's Golden Jubilee

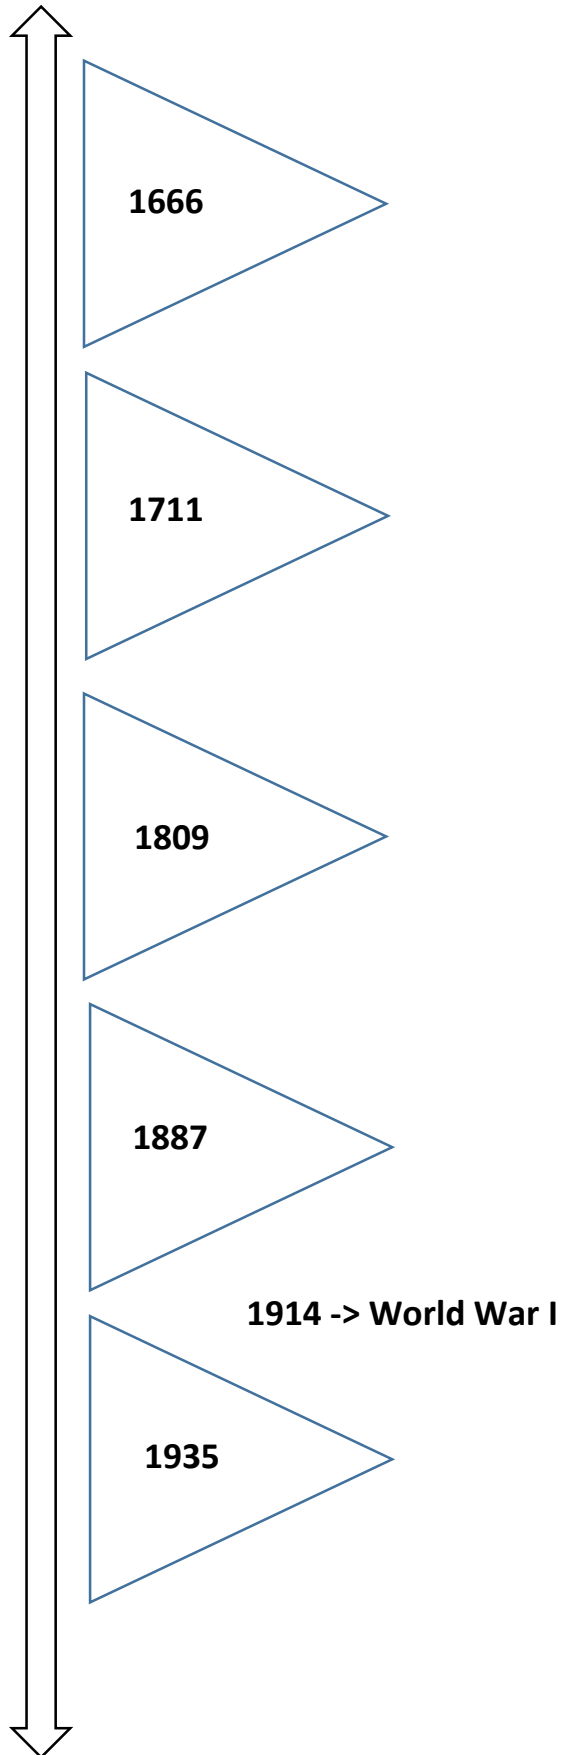

Queen Elizabeth II celebrates her Diamond Jubilee at St Paul's Cathedral

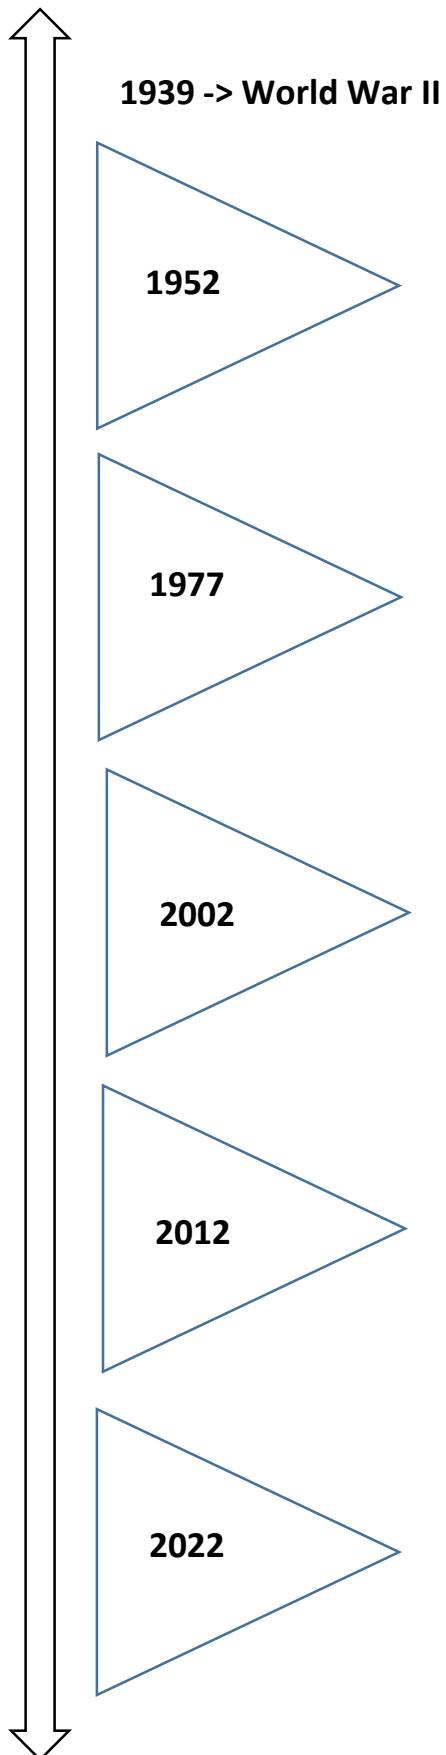

The Platinum Jubilee Trifle created to celebrate the 70th year of Queen Elizabeth's reign.

King George V celebrates his Silver Jubilee

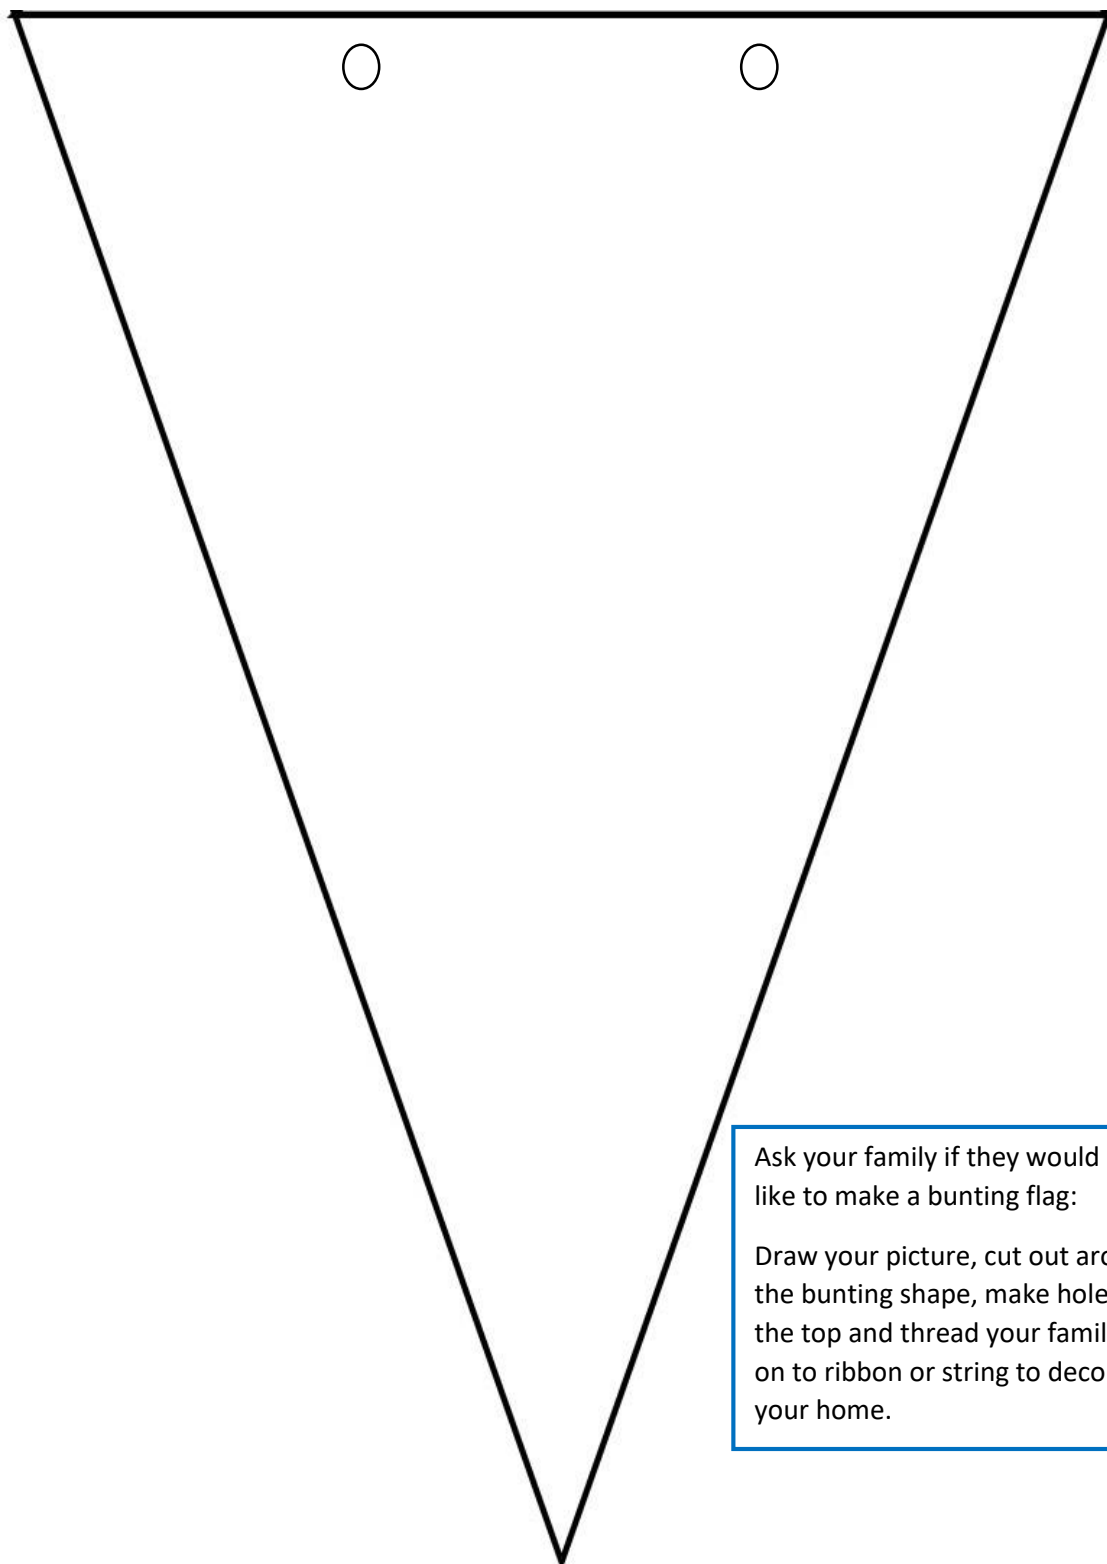

Design your own Bunting!

Commemorative souvenirs and decorations have been a part of helping to celebrate Royal events such as jubilees for the last three centuries!

Popular items include coins, stamps, ceramics and tea towels

Create your own commemorative bunting design that represents and celebrates you, your family and your community over the last 70 years.

Ask your family if they would each like to make a bunting flag:

Draw your picture, cut out around the bunting shape, make holes at the top and thread your family flags on to ribbon or string to decorate your home.
